1 Do I need FIRB approval to invest in land/dwelling in Western Australia if I am a non-resident for tax purposes?

- NO. As a Permanent Resident visa holder, you are exempt from the requirement to apply for and receive foreign investment approval before purchasing residential real estate in Australia regardless of residency status for tax purposes at the time of purchase.
- FIRB stands for Foreign Investment Review Board assessing applications from foreigners who would like to invest or buy a dwelling in Australia.

2 What reporting obligations do I have when purchasing new residential property?

- If you're purchasing a property, ensure you have a written notification advising whether or not you have a withholding obligation on the property. Refer to 2.1 & 2.2 below.
- Most purchasers are required to pay a withholding amount from the contract price at the date of settlement. This applies to:
 - new and used residential property;
 - land that could be used to build new residential property (potential residential land).
- There are two withholding amounts when purchasing residential property. These are as follows:

2.1 Goods and Services Tax (GST)

- The withholding amount is called GST at settlement payable directly to the Australian Taxation Office (ATO). This withholding amount can either be:
 - 1/11th of the contract price (for fully taxable supplies)
 - 7% of the contract price (for margin scheme supplies)
 - 10% of the GST-exclusive market value of the supply (for supplies between associates for consideration less than GST inclusive market value).
- Payment is due on the **day of settlement for standard land contract**, or the **day the first settlement is paid for an instalment contract**.
- GST is on new residential and not used property.

2.2 Foreign Resident Capital Gains Withholding (FRCGW)

- If the purchase price is AU\$750,000 or more, the purchaser will be required to withhold 12.5% and remit this amount to the ATO unless a clearance certificate is provided by the ATO.

Land tax + MRIT = [(AU\$1,500,000 - AU\$1,000,000) x 0.0090 + AU\$1,750] + [(AU\$1,500,000 - AU\$300,000) x 0.0014]

- Can be paid in 4 instalments.
- Sample calculation: if the property has a GRV of AU\$23,400 per annum and "rate in the dollar" of AU\$0.07:
